

# Time Travel to Become Your Sweetheart Chapter 2

## Chapter 2 300 Million Ransom

There weren't many descriptions of the female lead in the novel. But Jane remembered she couldn't be more stupid. With a successful husband and a son, she still had an affair. At last, she was set up and caught in bed with someone else and died a miserable death.

Jane covered her face. She only read it because she had the same name as the heroine. And she had left quite a few comments to complain. But she never expected she would now become that stupid woman!

What the kidnappers said just now was all true. The female lead got all this because of her parents.

Colin had treated her very well out of guilt. The female lead was material and greedy, but Colin thought she was just honest. He even matched her with his grandson William to secure her future.

Colin was the only person in the novel who truly cared about Jane. He was pretty shaken up after knowing the female lead had an affair. And her death made him grievously ill. This was how the original story would go.

Now, the female lead was on her way to see her lover, but was kidnapped halfway and taken to an abandoned factory in the suburbs.

According to how the story should go, William did not call the police and gave them 300 million as a ransom as they asked. But the kidnappers didn't send the female lead back as a whole, because someone called the police.

The kidnappers were irritated. In a fit of anger, the boss stabbed Jane on her belly. And she became infertile thereafter.

The kidnap was a key point for the female lead on her way to tragedy, and at this critical moment, Jane replaced the female lead.

"Oh, you wake up, Mrs. Duncan."

The boss crushed the empty beer can and kicked it to a corner with a loud bang.

The sudden noise frightened Jane.

“Who are you? Why are you doing this to me?”

Jane tried to think back the story and became more confused. The female lead was just an idiot, and her husband was the most mysterious man. There weren't many descriptions of him.

Only halfway through, the female lead died, which was somewhat strange.

So was this kidnap.

Jane couldn't drop her guard now. The boss could be rather brutal.

In that novel, the female lead was stabbed on her belly, which deprived Jane of the right to be a mother. Only the cruelest man could do that.

Not many people knew she was kidnapped. Colin couldn't call the police for her safety. As for William, although he hated his wife, he wouldn't bother to call the police as long as the money can work.

Then, who was the one who called the police? Was that person also the reason she got kidnapped?

It was so coincidental.

“Mrs. Duncan, it seems that you are going through a rough time at the days at the Duncan's.”

The boss was being sarcastic. “Four hours passed, and there's no news from them. Do they want you dead?”

Jane did not answer in a hurry. She thought how the female would say under such circumstances. She couldn't get them suspicious.

“How dare you to kidnap me knowing who I am. My husband...”

Jane pretended to be tough. Even if her hands and feet were tied up, she was arrogant as ever.

That was right. An idiot never knew what fear was, even she was kidnapped. And she even tried to frighten the kidnappers.

The boss burst out laughing.

The boss sneered. What a stupid woman. The Duncans was going to waste 300 million yuan for her. He now felt sympathetic towards them.
