Almost immediately, Jiang Xin was struck dumb by his words. She let out a sorrowful wail before she fainted out of grief.

“Get her out of here!” Li Huairen ordered his men to drag Jiang Xin out coldly.

Then, Li Huairen pointed at Zou Xiaoqin and asked Lin Fan about her. “Mr. Lin, what should I do with this b*tch?”

Zou Xiaoqin’s body quivered as her face turned pale the moment she heard this.

“Small potatoes like her don’t deserve my attention,” Lin Fan sneered with a disdainful look on his face.

Small potatoes? For some unknown reasons, Zou Xiaoqin didn’t feel glad when she heard this. She felt hurt instead, as if her heart was stabbed violently by a knife. She felt really awful. She had a feeling that Lin Fan treated her like dirt, as though he would feel disgusted if he

took a single glance at her. Right at that moment, Zou Xiaoqin felt like someone had stepped on her pride and crushed it into pieces. Tears of humiliation escaped from her eyes and rolled down her cheeks. She didn't expect—not even in her dreams—that the man she looked down on had become such a powerful existence that she could no longer associate herself with. Even the Li Family was nothing more than just a lowly dog to him.

However, what hurt her the most had still yet to come.

At that moment, Li Huairen made an obeisance by cupping one of his hands in another in front of his chest and said to Lin Fan politely, “Mr. Lin, please forgive my son's foolishness for destroying the necklace that was worth ten billion that you planned to give the woman you love as a present! He was truly digging his own grave! In order to redeem our mistake, the Li Family has

decided to buy another jewelry with the same price at the International Jewelry Exhibition which is going to be held in Jiang City a few days later, to compensate for your loss. I hope you can come to the exhibition that time.”

A piece of jewelry that is worth ten billion? Zou Xiaoqin froze immediately and her entire body shivered violently like she had caught a severe cold. The expression on her face changed completely. Am I hallucinating? The guy is actually going to give his wife a piece of jewelry that's worth ten billion as a present? To Lin Fan, the entire fortune of a top billionaire is just equal to the cost of his wife's necklace? Zou Xiaoqin felt her heart pounding rapidly as she stared at Lin Fan in shock. Just exactly how rich the guy is?

Now, she finally realized why the Li Family was so afraid of Lin Fan and why even a popular diva like Zhang Yichen admired him so much. *He actually spends ten billion just to make his wife happy? This is something only a king can afford to do!* She even suspected that Lin Fan was so rich that his wealth could

At that moment, a somber expression appeared on her face, followed by an intense look of regret and suffering. It turned out that it wasn't Zhang Yichen who was ignorant; it was she herself who was too arrogant and ignorant to notice a powerful emperor-like man such as Lin Fan. She had actually let an opportunity to associate herself with such a powerful man slip through her fingers.

If she didn't insult Lin Fan just now, she probably still had a chance of winning his favor. Based on the shocking fact that Lin Fan was willing to spend ten billion on a piece of jewelry, it would be a greatest fortune for her just to become his mistress. However, she had let such a golden opportunity slip through her fingers so easily!

Almost instantly, Zou Xiaoqin became dejected. As though all energy had left

her body, she went limp and fell onto the floor. For her entire life, she always dreamed of marrying into a wealthy prominent family, but now, Lin Fan was the wealthiest and noblest person among all these families! However, she had let the chance of associating herself with such a noble man slip through her fingers! Now, she was overwhelmed with utter despair. She felt so regretful that she had an urge to kill herself.

Right at the moment, Zou Xiaoqin noticed that Lin Fan was about to leave with Zhang Yichen. Almost instantly, she became desperate. She struggled to run toward Lin Fan and begged him sadly. "Mr. Lin, I'm sorry, I was wrong. Please give me another chance! I want to be your friend!" She couldn't miss the chance again. This was the only chance in which she could be part of the rich and influential.

However, without waiting for Lin Fan to

say anything, Li Huairen kicked Zou Xiaoqin away harshly. With a disdainful look on his face, Li Huairen retorted, "Befriend him? Why don't you look at yourself in the mirror first? Do you think someone like you is worthy of befriending Mr. Lin?"

What? Zou Xiaoqin was dazed completely. *Isn't that what I said to Lin Fan just now?* Now, those words were directed back at her without missing out a syllable! The words were a harsh slap in her face. Almost immediately, Zou Xiaoqin broke out into tears out of extreme sorrow and despair. She was overwhelmed with grief.

Meanwhile, feeling aggrieved after leaving the hotel, Wang Mingzhe took out his cell phone and dialed a mysterious number. "Young Master, I saw that wimp, Lin Fan."

Eh? The man on the other side of the phone was taken aback, seemingly rat

her surprised by the news. After a pause, the man smirked in disdain. “I know that wimp has always been staying in Jiang City.”

Wang Mingzhe looked disappointed. He sounded a little worried as he stated, “Young Master, he seems a little different. Just now, I noticed even the Li Family of Jiangbei treated him with respect!”

However, sarcastic laughter broke out on the other side of the line. The man sneered, “Haha! Wang Mingzhe, oh Wang Mingzhe, you were fooled by that wimp! The one the Li Family is scared of is his wife, Bai Yi, and not the wimp himself!”

What? The expression on Wang Mingzhe’s face changed abruptly. His eyes were full of shock and disbelief.

“According to my understanding, the wimp had become the live-in son-in-law

of the Bai Family. His wife is Bai Yi, the woman who became really powerful and famous in Jiangnan now. Before this, the Li Family was suppressed by a mysterious organization because they offended Bai Yi. I think the Li Family had no choice but to come and look for the wimp because they are afraid of offending Bai Yi again.”

So, that was what really happened! Wang Mingzhe’s lips curved into a hateful smile. “So, that means the wimp just pretended to act tough and scared me?”

The young master on the other side of the phone smirked. “Since us, the Lin Family, could crush him under our feet back then, I believe we can still do the same now. A wimp will always be a wimp!”

Realizing he was being fooled, Wang Mingzhe felt angry and humiliated at the same time as a furious and malevolent look flickered in his eyes. “I’ll

never let that godd*mn piece of sh*t get away with that!”

“Wang Mingzhe, the wimp is just a nobody, but that woman Bai Yi is difficult to deal with. According to the information I’ve collected, the person who supports her in secret is most probably... Lin Zuo!”

What? Wang Mingzhe’s legs failed to support him and he almost fell onto the ground out of shock; a terrified look crossed his face. *L-Lin Zuo?* He was one of the Four Greatest Commanders of China. The man possessed ultimate power and could basically control the life and death of any person in China. He was regarded as an important asset of the country. The man was an incredible presence who was destined to achieve great and unlimited success in the future! *Bai Yi is actually related to him? T-This is truly unbelievable!*

Now, Wang Mingzhe was totally

shocked as he noticed that he was panting heavily. No wonder Bai Yi could appear from out of nowhere and become the leader of the entire Jiangnan Province all of a sudden. This was because she was secretly supported by an extremely powerful man who was at the top of the social hierarchy of China.

Wang Mingzhe swallowed heavily before a lascivious smile appeared on his face. "Young Master, if I can win Bai Yi's heart and persuade her to cheat on that wimp, will Bai Yi keep on defending him?"

Wang Mingzhe was very confident. He was certain that with his family background, temperament and appearance, he could win Bai Yi's heart and eventually sleep with her. In his eyes, he was more than a hundred times better than Lin Fan!

On the other side of the line, apparently,

the young master was startled, but he quickly said with a joyful look on his face, "If you manage to sleep with Bai Yi successfully, it means that you are indirectly helping our family to establish a connection with Lin Zuo. With assistance from such a powerful man, I, Lin Zekun, will definitely become the next head of the Lin Family! If you really succeed in what you're planning to do, I promise you that on the day I become the head of the family, you, Wang Mingzhe will be the most powerful, honorable and respectable guest in the Lin Family!"

The man's promise made Wang Mingzhe's heart pound rapidly non-stop. His breathing became more rapid due to excitement. "Young Master, don't worry! I won't let you down!"

Wang Mingzhe hung up the phone immediately and a menacing smile appeared on his face. "Lin Fan, I want your wife, and I will take your life as
